

Drip Irrigation Rebate Program and Application

Offer available July 1, 2019 thru June 30, 2020 and subject to fund availability

City of Modesto water customers may be eligible for a rebate when they convert their existing traditional sprinkler system to drip irrigation. The rebate amount may not exceed \$500 per City of Modesto water account. Funding is limited and applications will be accepted on a first come, first served basis. The City reserves the right to terminate this program at any time and for any reason.

Drip Irrigation eliminates over-watering problems by applying water only where it is needed, with less run-off and less evaporation. The uniform application of water from Drip Irrigation systems can achieve high water savings.

Timelines

- Program applies to purchases between 7/1/19 thru 6/30/20.
- A pre-inspection will be scheduled once the application has been received.
- After approval of pre-inspection, you will have 60 days to complete the conversion of your existing system.
- Once completed, contact the City of Modesto to schedule the post-inspection.
- An itemized dated sales receipt is required at the post-inspection.
- If not approved at inspection, you have 30 days to make corrections and to schedule a final inspection.

Drip Irrigation systems (qualifying for rebate)

If converting from existing traditional irrigation system:

- Customer must replace the entire existing zone to Drip Irrigation. Valves must be fully operational and not leaking.
- The converted area must be maintained and kept in a healthy condition.

If converting from manual watering of an existing garden hose:

- Customer must install an anti-siphon device on the hose faucet.
- Customer must, at minimum, install a mechanical timer that will shut itself off after a set period of time.

New Irrigation system/method must be rated as follows:

- The drip system must be installed per manufacturer's directions, including filter, plus regulator, if recommended.
- The system may be installed on the surface or below the surface.
- Drip emitters, including multi-outlet drippers and bubblers, must have a flow rate of 0.25 gallons per minute (15 gallons per hour) or less.

Rebates

- Existing Drip Irrigation, drip irrigation installation costs, new construction, accessories, and taxes do not qualify.
- Rebate checks will be mailed within 8 weeks after completing the rebate process.
- Rebate amount cannot exceed the purchase price of the new Drip Irrigation products used in the conversion.
- Rebates are limited to \$500 per utility billing account per fiscal year (July 1, 2019 – June 30, 2020).

Application and Rebate Approval or Denial

- On-site compliance verification is required.
- The original itemized dated sales receipt for the new drip irrigation products is required (copies not accepted), Scanned original will be accepted via online submittal only.
- Incomplete, incorrect or unsigned applications cannot be processed. We will contact you with any discrepancies and may require you to submit a new application.
- Customer must fulfill all program guidelines to be eligible for rebates.

Other Considerations

- The Rebate Program is not responsible for materials lost by mail.
- Submission or possession of a rebate application does not guarantee receiving a rebate.
- Rebates are processed on a first come, first served basis.
- Funding for this rebate program is limited to available resources.
- Rebate amounts are subject to change without notification.
- This program shall at all times be subject to change or termination without prior notice.
